Subject: RE: Call to discuss waste composition parameter for Pogo CISWI Petition

Categories: Pogo FOIA

Hi Toni and Step, We have a call shortly with Pogo. Toni was going to try to look into the rule background yesterday but we have not had a chance to discuss yet.

So, I just wanted to ask to make sure that we do not bring up in detail with Pogo the questions we have about the rule authority until we have discussed those off line.

I believe, we just want to understand their situation better at this point, so we can take that into consideration

Thanks, and talk to you soon
